

## Accessibility Statement for Cogito AI, Inc.

### Our Commitment

At Cogito AI, Inc., we believe the internet should be available and accessible to everyone. We are committed to providing a digital experience that is accessible to the widest possible audience, regardless of ability or technology. To fulfil this promise, we aim to adhere as strictly as possible to the World Wide Web Consortium's (W3C) **Web Content Accessibility Guidelines 2.1 (WCAG 2.1)** at the **AA level**. These guidelines explain how to make web content more accessible to people with a wide array of disabilities.

### Actions We Are Taking

We utilize various methods and tools to ensure our platform remains accessible, including:

- **Assistive Technology Compatibility:** Designing our interface to be compatible with screen readers (e.g., NVDA, JAWS, VoiceOver) and keyboard-only navigation.
- **Visual Design Standards:** Ensuring sufficient color contrast, legible typography, and scalable text.
- **Ongoing Testing:** Periodically auditing our software using both automated scanning tools and manual expert reviews.

### Current Status

While we strive for WCAG 2.1 Level AA compliance, we acknowledge that some parts of our platform may still be undergoing optimization. As a fast-growing startup, we are constantly pushing updates, and occasionally, new features may present temporary accessibility challenges.

### Feedback & Contact Information

We welcome your feedback on the accessibility of Cogito AI, Inc. If you encounter any accessibility barriers or have suggestions on how we can improve our user experience, please let us know:

- **Email:** [info@CogitoAI.ai](mailto:info@CogitoAI.ai)
- **Response Time:** We try to respond to feedback within 2–3 business days.

### Technical Specifications
